

Nikhil Patidar

MERN Stack Developer (Fresher)

Email: your-email@gmail.com

Mobile: +91-XXXXXXXXXX

Location: India

Career Objective

Motivated MERN Stack Developer fresher with hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Looking for an entry-level role where I can apply my skills, learn continuously, and contribute to real-world projects.

Technical Skills

Frontend: - React.js - JavaScript - HTML5 - CSS3

Backend: - Node.js - Express.js - RESTful APIs

Database: - MongoDB - Mongoose

Project

OpenBlog – Full Stack Blog Application

Description: OpenBlog is a full-stack blogging application that allows users to register, log in, create blogs, edit or delete their own blogs, and browse blogs by category. The application focuses on clean UI, secure authentication, and smooth user experience.

Key Features: - User signup and login functionality - Protected routes for authenticated users - Create, update, delete, and view blogs - Category-wise blog filtering - User profile page - Image upload support for blogs - Blogs displayed with latest posts first

Education

Bachelor's Degree (or Diploma) Your College Name Year of Passing: XXXX

Additional Information

- Strong understanding of MERN stack fundamentals
 - Familiar with MVC architecture
 - Basic knowledge of authentication and authorization
 - Comfortable working with APIs and databases
